## INSTRUCTIONS FOR INCOMING ERASMUS STUDENTS

At the Faculty of Medicine of the University of Maribor (MF UM) there is no organized pedagogical process (lectures, coursework) in English but only in the Slovenian language. In case you wish to apply for Erasmus study and participate in pedagogical process and at the end obtain a mark and sit an exam, **the knowledge or understanding of the Slovenian language is required.**

For Erasmus students to whom the Slovenian language would represent the language barrier we offer practice – practical work in various wards of the UKC Maribor (University Clinical Centre Maribor) – see the list.

To practice - practical work you may apply within the Erasmus study or within the Erasmus practice. In both cases a student receives 2 ECTS for every week of practical work.

### 1) Erasmus study

In case you wish to participate in Erasmus + study exchanges, send a list of chosen wards, the duration for individual ward in weeks and the predicted time of the exchange to the mail [milena.oroz@um.si](mailto:milena.oroz@um.si). The signed Erasmus + agreement between the parent faculty and the University of Maribor is a condition for a student's request to be dealt with.

It is also necessary to apply to the system of the University of Maribor (UM) – instructions are available at <http://www.um.si/en/international/erasmus/Pages/Application-procedure-for-Erasmus-students-.aspx>. You should take the application date into account!

### 2) Erasmus practice
